

# AN ALTERNATIVE VIEW OF CLASSICAL CHINESE PHILOSOPHY: A COMPUTATIONAL APPROACH TO THE THEMES AND WRITING STYLES ACROSS SCHOOLS

Co-PIs: James Miller & Charles Chang | Student Leader & Project Manager: Junyi Tao  
Distant Reading: Youzhang He, Xiaoyin Chen | Close Reading: Miechen Liu, Jiaming Li

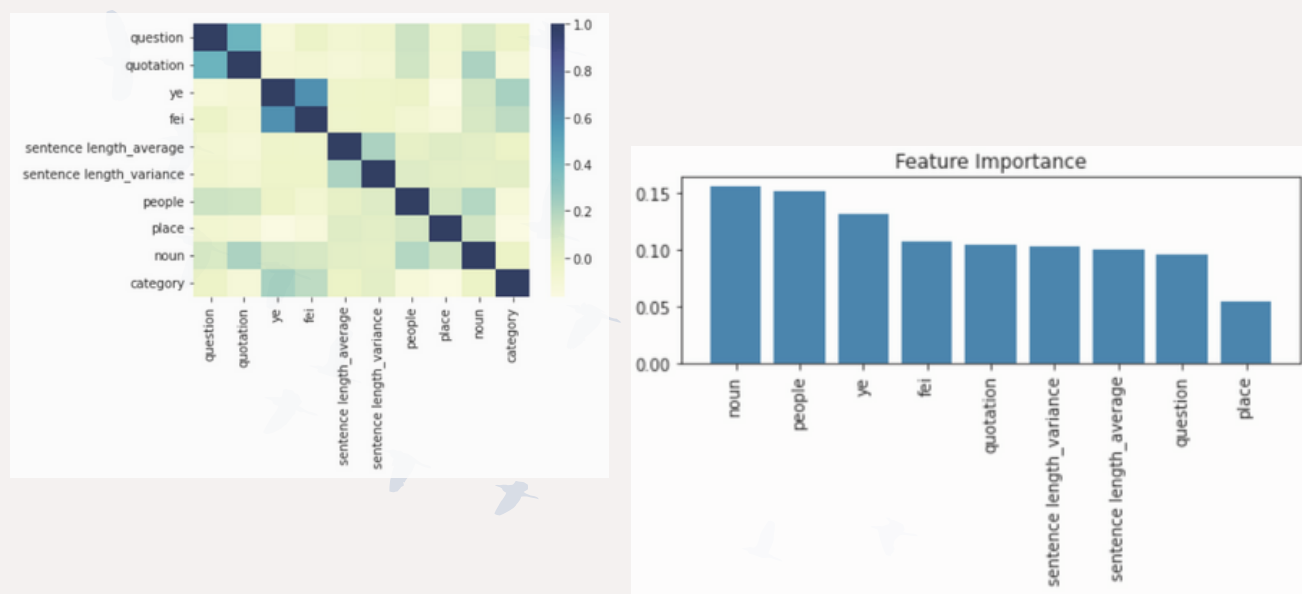

The project aims to capture features of classical Chinese philosophical schools of the pre-Qin era that have been overlooked in the traditional paradigm of close reading while can be best informed by modern computational methods.
